Re: Irradiation in the Production, Processing and Handling of Food

Dear Secretary Shalala:

8163 '99 DEC 14 P1:45

I am concerned about the FDA's proposal to eliminate the labels from foods treated with radiation. I strongly believe I have a right to know if my food has been irradiated. I urge you to support the rights of citizens by maintaining permanent, prominent and precise labels for all foods treated by radiation.

Sincerely,
